

# ThanksUSA

*More than 4,500 scholarships awarded,  
total value \$14.5 million*

## Introducing 2018-2019 USPTA/ThanksUSA Scholarship Recipient Sarah Moehling

Army dependent **Sarah Moehling** was awarded a \$3,000 USPTA/ThanksUSA scholarship to begin undergraduate studies at Clemson University. Planning to attend medical school and become a pediatric physical therapist, Sarah is majoring in Biological Science with a concentration in Pre-Rehabilitation Science.

Working as a lifeguard helped Sarah discover a passion for helping others and a desire to increase her medical knowledge. She is looking forward to a medical mission trip to Coast Rica during the summer of 2019.

When Sarah was just three years old, her father was killed while serving in Kuwait. "Though this event is very traumatic, I have not let it hold me back from pursuing any of my goals. Your donations to ThanksUSA have given me the ability to go to a top university, study biological science, and eventually change the lives of many children through physical therapy. I know my father would be proud of all my hard work. You guys are truly amazing!"
